## FULL STACK DEVELOPER & SOFTWARE DEVELOPER

Versatile Full-Stack Developer proficient in both front-end and back-end development, with hands-on experience using Python (Django) and PHP to build scalable web applications. Skilled in creating APIs, designing responsive UI/UX interfaces, and managing relational and NoSQL databases like MySQL and MongoDB. Capable of version control with Git, building end-to-end solutions, and delivering high-performance, mobile-first applications. Collaborative team player familiar with Agile methodologies and cross-functional project delivery.

## SKILLS

Languages: Python, PHP, JavaScript, HTML, CSS, C/C++,  
Java  
Frameworks: Django, WordPress, Bootstrap

Databases: MySQL, MongoDB  
Tools: Git, WebSockets, Postman, Elementor, VS Code  
Other: Responsive Design

## FREELANCE PROJECT EXPERIENCE

### Hope and Heal – Disability Aid Company Website (Australia)

Dec 2024 - Feb 2025

#### Freelance Web Developer

Designed and deployed a fully responsive WordPress website for Hope and Heal, a disability aid company, using Elementor and custom CSS to ensure accessibility and SEO compliance. Integrated a blog, product showcase, and interactive contact forms, leading to a 30% increase in customer inquiries within two months. Customized themes and plugins to match the brand's identity and functional needs. [link](#)

### HOC ArtCafe – Art Café Website

May 2025 - May 2025

#### Freelance Front-End Developer

Developed a fully custom, aesthetic café website for HOC ArtCafe using HTML, CSS, and JavaScript, reflecting the client's artistic identity through responsive design and a curated gallery section. Optimized site performance with smooth scrolling, intuitive navigation, and fast load times, resulting in a 45% increase in web engagement during the first quarter. [link](#)

### Zinda Exteriors – Exterior Works & Landscaping Company

Apr 2025 - May 2025

#### Freelance WordPress Developer

Built a visually engaging website for Zinda Exteriors using WordPress, Elementor, and Yoast SEO to showcase their exterior design services, stone work, and product catalog. Customized the layout for brand consistency and applied SEO best practices, resulting in a 50% increase in organic traffic within three months. Integrated WhatsApp and form-based contact features to enhance client engagement. [link](#)
